MEDICAL.

DR. ROCKES LIVER WORTH AND TAR
FOR THE COMPLETE CURE OF
Coughs, Colds, Influence, Asthma, Reseablife, spitting of
Ellord, and all other Lung Completant tending to
CONSUMPTION.

THE GREAT COUGH REMEDY!

READER! Inve you a Cough, which you are neglecting, under the idea that it is only a common cold, that it will soon "wear itself out?" Let a friend tell you in all kindness, what will soon be the probable result.

In a short time, if you continue to neglect yourself, you will begin to feel a sense of tightness and oppression across the chess, accompanied with frequent sharp during pains. Then a dry, backing Cough will set in, and when you raise anything it will be a tinck and yellowish, or white frothy matter, streaked, perlangs, with blood. If you still take no medicine, these unpleasant symptoms will increase, and you will soon have Heetic Fever, Cold Chilis, Night Sweats, Copious Expectoration, and then Great Prostration. If you still neglect yourself, a few weeks or mouths will see you consigned to the grave, leaving your friends to mourn how rapidly CONSUMPTION did its work, and hurried you away.—Friend! have you no cause to be alarmed? In the above sketch you may see as in a glass, how every case of Consumption progresses, with mare or less rapidity, to a fatal termination. Of all the Thousands and Millions whom this great Destroyer has gathered to the tomb, every single case THE GREAT COUGH REMEDY! termination. Of all the Thousands and Millions whom this great Destroyer has gotbered to the tomb, every single case began with a Cold! If this had been attended to, all might have been well but, being neglected, under the fatal delusion that it would "wear isself," it transferred its deadly action to the substance of the Langs, exciting there the formation of tubercles. Another, and another cold added fuel to the flame, until these tubercles began to soften and suppurate eaving, by their ulceration, great cavities in the Lungs. At his crusis, the disease is very difficult of cure, and oftentimes sets at defiance all human means.

In the latter or worst slage, this medicine will oftentimes arrest the disease, or check its progress, and will always.

In the latter or worst stage, this medicine will oftentimes arrest the disease, or check its progress, and will always make the patient more comforta ite, and prolong his life, and is therefore worthy of a trial; —but in its incipient or forming periods, Consumption is as curable as any other disease, and "Dr. Rogers' Syrup of Liverworth, Tar, and Canchalagua," if taken at this time, will cure it P.F. AS SURELY AS IT IS TAKEN! 22. This is strong language, but we can refer you to numberiess living witnesses to prove that it is TRUE And therefore, we earnestly exhart every man, woman and child, who has a Cough, or is subject to Colds, to keep medicine by you in the house; and whenever you take Cold, do not "fet it alone" to work mischief in your system, but eradinot 'let it alone' to work mischief in your system, but eradiente it thoroughly, at once, by this power, fully bealing coupound and leave your vigor to a good old age! MOTHERS! pound and leave your Langs uninjured, to carry you in full

MOTRERS!

Have you delicate, weakly children, who are always taking cold, and subject to Croup? Remember! There never was case of troup, which did not originate in a Cold! And when your child goes to bed wheering and coughing, you know not that, before morning. Croup may not set in, and ere you can get a Paysician, your dear child may be beyond the reach of help. We beseech you therefore, as you value the lives of your children, keep this medicine by you in the house and when your title ones take cold and commence. house, and when your little ones take cold and commence coughing, give it to them at once, and rest not until the cough is entirely subdued. We conscientiously aver, after the most extended experience, that if this advice were followed no child need ever DIE OF CROUP, for the cold would be cared, before it could strive at this aggravated and fatal stage. Let every Mother, especially, head well these remarks, that she may not be reafter, when mourning over the early blight of some cherished blossom, have occasion bitterly to reproach herself for her criminal neglect. It is an old adage, that "to be forwarned, is to be forearmed." Parents' so let it be in your case.

Parents! so let it be in your case. Be sure to ask for Dr. A. Rogers' Syrup of LIVERWORT, TAR and CANCHALAGUA, and let no other be polined on you.
